Backlinks: Overview

predictpro.guru (Root Domain)

Generated on October 20, 2026

• Website Reputation: Your website currently has a reputation score of 2 out of 100. This score measures how trustworthy search engines find your website. The score was at zero for most of the past year but increased to 2 in July 2026 and has remained steady since then.

• Linking Websites and Total Links: There are 174 unique websites pointing to your website, creating a total of 215 individual links.

• Link Growth Trend: Your website had almost no links until late June 2026. After that, you experienced a steady increase in new links, peaking in September 2026 before slowing down slightly in October 2026.

• Types of Links: All of the analyzed links pointing to your website are text-based, meaning they are embedded within written words rather than images or interactive forms.

• Link Settings: Out of your 215 links, 86% are standard links that actively pass search engine trust to your website. The remaining 14% are links that direct users to your site but do not pass search engine trust.

• Quality of Linking Websites: The vast majority of the websites linking to you (97%) have very low reputation scores between 0 and 10. This indicates that most of your current links are coming from newer or less established websites.

• Website Types and Locations: The most common types of websites linking to you end in .com (42%) and .shop (28.2%). Among the linking websites with identified geographic locations, 92% are located in Moldova and 8% are in Sweden.

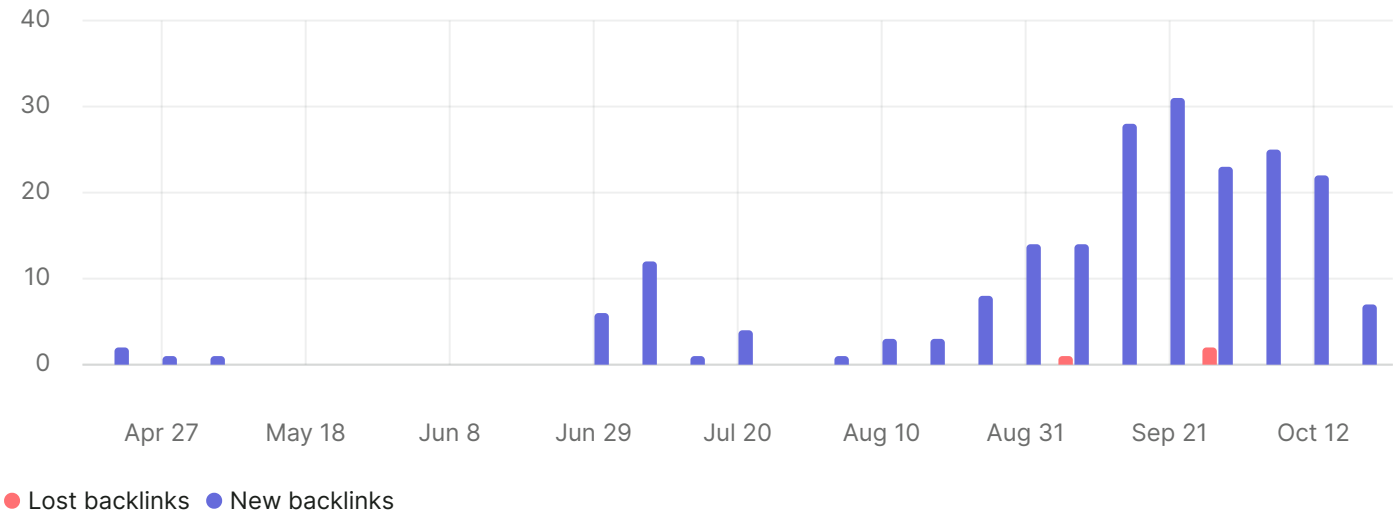

• This report provides a snapshot of current activity. Deeper trend analysis will become more reliable with a longer data history.
